

MULTIPURPOSE CHURCH FOR GOD'S METAVERSE

FAITH BASED & BUSINESS INITIATIVE

FROM COST CENTER TO SUSTAINABLE REVENUE GENERATING CAMPUS

You are invited to join the new and comprehensive faith and local community continuum which will transform your church from a cost center, dependent on members support, to a faith based juggernaut addressing our communities greatest needs:

- Healthcare Deserts
- Food Deserts
- Economic Deserts
- Outreach

20,000 OWVI Foodgles Clinics makes the faith community the largest medical group in the world

7 treatments per week - per site would generate \$28,000,000.00 per week in green gross revenue

OWVI CLINICS

Post COVID-19, there is an unprecedented, ordained strategy, to create an economic shift. Permanente Medical Group has 19,179 locations. The National Baptist Convention has in excess of 33,000+ “locations”, with “existing” facilities equipped with clinics featuring Testing, OWVI-19 Immune Boost & Pro-IV Opioid Alternative. The “existing” clinics could not only see members on weekends, BUT ALSO SERVICE THE COMMUNITY DURING THE WEEK. (Organic Evangelism)

SELF SUSTAINING FAITH DRIVEN HEALTHCARE ECOSYSTEM

In partnership with OWVI, Inc. and led by OWVI Chief Science Officer, Dr. Jake Van Landingham, a fully functioning “green” clinics will be established on your campus, which could include using existing facilities, local staff and potentially modular equipment providing the following services:

- Assessment - Mental, Physical & Financial
- Testing - COVID, FLU & Basic Issues
- Treatment - Vaccinations, Mental Health, Chronic or Acute Pain
- Containment - In Home Treatment and Support

OWVI FOODGLES

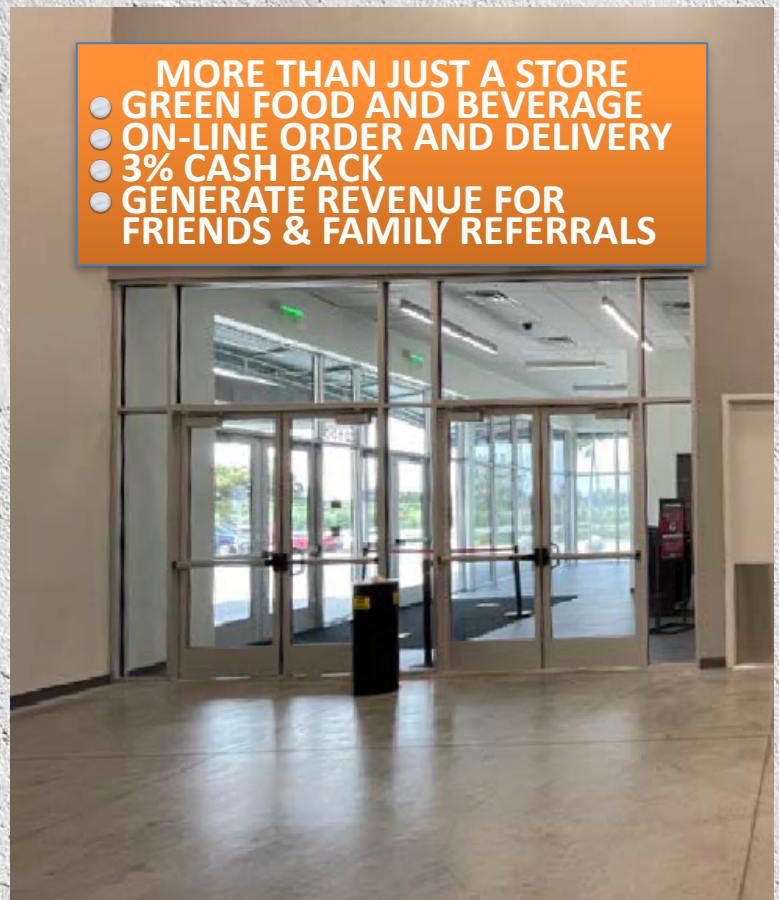

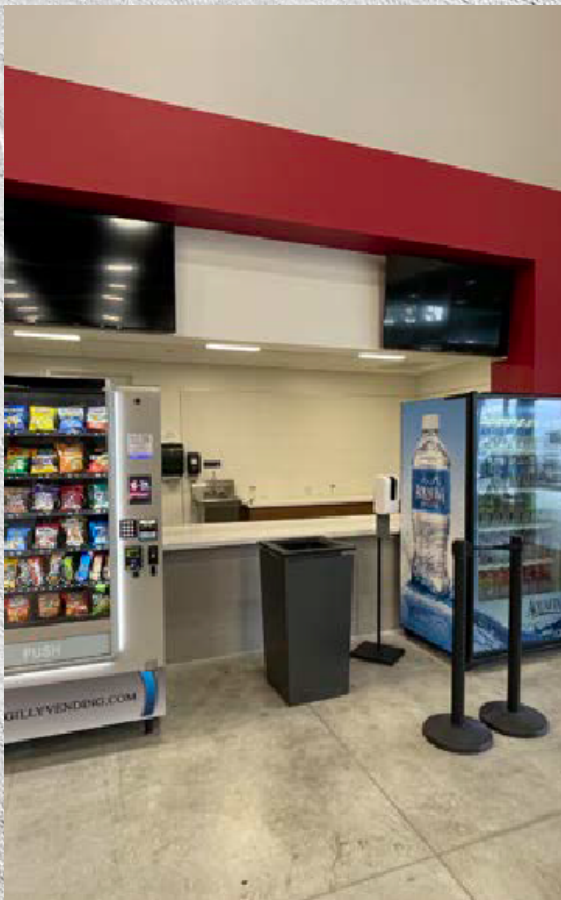

OWVI Foodgles is passionate about investing in the communities we serve. Helping to create a vibrant and prosperous community is our passion and heart of our business mission that we are emotionally connected to. In this spirit, we set our goal to be the very best at serving the needs of our customers and partners. Every action we take will be with this in mind. We also believe that we can achieve our goal only if we fulfill the needs of our communities, customers, partners and employees. The holistic approach of investing in this project in urban core areas, through the development of new Foodgles Supermarkets, will be a wonderful addition to communities across the nation ensuring that every American family has the opportunity to succeed.

We are pleased to bring our vision of a Path To A Brighter Future to the citizens in ALL communities as we eliminate the food deserts.

Sincerely,

Brian Martin

CEO of Foodgles Supermarkets

OWVI CDFI

One of the primary issues in the urban community is access to capital. The lending institutions are broken and don't consider the economic toll to entrepreneurs just to get their small business or concept going. A community development financial institution (US) or community development finance institution (UK) - abbreviated in both cases to CDFI - is a financial institution that provides credit and financial services to underserved markets and populations, primarily in the USA but also in the UK.

Led by OWVI, Inc. BOD member and OWVI CDFI managing partner, Dr. Anthony Sanders, the mission is very simple. We want to provide you with access to capital. OWVI Chief Government & Community Policy Officer, Dr. Norman Whyte will interface with local, state and national elected officials and agencies.
